

Name of the project	<i>Purchase of the equipment for IDDEEA</i>
Value of the project	216.758 €
Source of funding	Assistance program of the Community Assistance for Reconstruction, Development and Stability (CARDS) 2006
Beginning of the project	22nd June 2009
Project completion	22nd September 2009
Project description IDDEEA has biometric data of the citizens who submitted the request for the issuance of identity card (image of the face, fingerprint and signature) and travel documents (image of the face and signature). Apart from the image, the signature is also digitalized. The Agency needed to compare existing biometric data contained in civil registers.
